

Non-Medicaid Residential Services (NMRS) Status Update

Submit this completed form to provide a status update to demonstrate continued need for Vaya Health (Vaya) Non-Medicaid Residential Services (NMRS), also called State-funded Residential Services. Funding is available on a limited basis for residents of the Vaya region who are uninsured or underinsured.

Vaya authorizes these non-entitlement resources based on individual eligibility and availability of funds. Eligibility is determined both medically and clinically through a Vaya internal Specialty Needs Staffing. If the individual is eligible, Vaya's Chief Financial Officer reviews the funding request. If funding is approved, Vaya notifies the requesting parties, and the provider organization is responsible for submitting the service authorization request.

Submission Checklist for Continued Need

Below is a checklist of items that must accompany this Non-Medicaid Residential Services (NMRS) Status Update. Please submit the following required documents for continued need:

Applicant's NMRS Referral Status Update

Date Submitted: _____

Available online at <https://providers.vayahealth.com/resources/forms>.

Applicant's most recent psychological evaluation

The evaluation must have been completed within the last five years. A full-scale IQ score and adaptive composite score are required for applicants with an intellectual/developmental disability (I/DD).

Ensure this is in the applicant's medical record.

Applicant's most recent person-centered plan

For applicants with I/DD, an NC Support Needs Assessment Profile (NC-SNAP), Supports Intensity Scale (SIS), or Level of Care (LOC) assessment is required. NC-SNAP, SIS, and LOC assessments must have been completed within the last year. For applicants with a mental health diagnosis, a Comprehensive Clinical Assessment (CCA) is required. Ensure this is in the applicant's medical record.

Guardianship papers

Ensure this is in the applicant's medical record and/or include a copy.
